

# Our Association

---

The Lake Association's power to help our neighborhood and protect our lake is based on membership. We are a highly organized association. We produce a wonderful newsletter and informative website, work on environmental projects, produce a calendar, organize community events and actively work on community safety.

## Why Join?

---

***There is power in numbers.*** We have nearly 70% membership participation, but 80% or more would put us in a strong position to have influence in the county and state. If you are an Honorary Member, even though you pay no dues, please fill out the membership card and send it in so we can count you in our statistics.

Other neighborhoods in our area have had to fight battles with the city, the county, even the state. If we are placed in that position, we will need our Lake Association to have clout. The power will come from the number of people who support the Lake Association.

## How to Join

---

The Membership year of the Lake Association goes from **Jan 1st to Dec 31st**. As neighborhood associations go, our dues are very reasonable. Dues help support the ecological projects, neighborhood garage sale, newsletter, new neighbor welcome bags, purchase of buoys and the website among other things. Membership also gives us clout when we go to the county or state on issues that affect the lake.

**Household Membership | \$30.00**

**Senior Member (70-79) | \$20.00**

**Senior Honorary Member (80 and over) | *FREE Lifetime member, if renewed every year.***

If you're a **current member**, dues reminders are mailed out just prior to the Lake Association meeting in May.
